Re: Roof Cleaning for the Front Gate [on May 20](#)

We have scheduled a roof and building cleaning for the Front Guard Gate [on Saturday morning](#) May 20th. Our intention is to complete this work by [10:00 a.m.](#)

To accommodate this work, we ask that you use the Ft. Hamer gate until [10:00 a.m.](#) We will attempt to keep the front gate open during the majority of this time, but there will be some times that one side or the other of the gate will need to be closed for safety reasons. Please note that this may cause some fairly long delays at this gate.

We appreciate your cooperation in using the Ft. Hamer gate until [10:00 a.m.](#)
