Re: RW Road Milling & Paving Status

Tomorrow Feb 26, both Milling and Paving operations will be performed. Trucks will be staged on Little Country Road adjacent to both the Milling and Paving streets. Trucks will travel on Wilderness Blvd West in order to be properly positioned for the project.

Milling Operation

Milling will begin at 7 AM on Lakeside Circle.

Milling will continue on the final portion of WBE.

Old Orchard, Lakeside and WBE will be swept.

Normal automobile traffic will be allowed to pass on these roads with small delays. Residents and vendors may not park on these roads scheduled for milling.

Paving Operation

Paving will begin on Grandview Dr. at 7 AM.

Paving will proceed to Woodland Ter.

Paving will proceed to Woodland Fern Dr.

Paving on Woodland Fern will proceed as far as possible, hopefully to the Maple Ridge Circle.

The Paving process delays traffic longer than the Milling process. First the road will be swept and then a "tac" coat will be applied and allowed to dry (5 minutes up to 30 minutes depending on temperature). When the "tac" has dried, the asphalt will be applied at a high temperature, followed by two compacting operations at specific temperatures. When a passable temperature has been achieved, normal automobile traffic will be permitted. Please do not travel or walk on this hot pavement until permitted. Larger vehicles (garbage trucks, moving vans, etc.) cannot travel on the new pavement for several days. Street parking is permitted on LCR during the paving process. Please park at least four houses away from the entrance to the streets being paved to allow dump trucks to stage and the paving equipment to enter and exit the streets being paved.

If you live on the paved street or on the corner lot adjacent to the paved street, you must turn off irrigation now and leave it off for 3 days after being paved. Please do not water our new pavement.

Tuesday, February 27 is a Garbage and Recycle pick-up day. Pick-up cannot be permitted on the newly paved streets. These streets will be skipped.
