Re: Board Resignation

At the February 18, 2020 HOA Board Meeting, Gregor Mehaffey announced he was resigning from the Board effective immediately.

Gregor has served on this Board since January 2016 when he took over the Access and Safety Directors role. His attention to detail was a good match for the job at hand. Fortunately, Gregor will still be involved with Access and Safety as the Committee Chair so we will still be able to rely on his knowledge going forward.

We thank Gregor for aggressively taking ownership of this important role and his focus and drive to transition from our former patchwork security system to our new streamlined system still being adjusted to meet our needs. His focus on security has been paramount to the safety of our entire community.
