August 26, 2020

Dear Residents of River Wilderness,

I am excited to announce that I am the proud new owner of the golf course property at River Wilderness. As you may know, we hired ICON Management to oversee the operations due to their expertise in golf course management along with their regional support staff. We also have hired a new General Manager, Matt Hill, who will be managing every aspect of the daily activities and upcoming renovations and improvements. Matt comes to us from the PGA and most recently Waterleaf. He has vast knowledge of the business and local area and is committed to creating an iconic experience every time someone enters our doors.

Our goal is to grow Club membership through a combination of programs targeted at attracting new members and retaining current memberships while enhancing the profitability of all segments of our business so this Club will be here for you and your families to enjoy in the future.

We need the support of not only our membership to ease the way forward, but also the support of the entire community to reach these goals and enhance the Club experience. We hope you will be patient with any issues that occur during the transition and renovation process as it will benefit the entire community moving forward.

We have exciting plans that have been developed with an eye at improving the membership experience and making the club financially viable and a strong asset for both the community and the members. We will begin sharing all of the upcoming renovation plans and improvements soon so please feel free to stop by and see what we are doing. We would love to see every homeowner get excited with us as we work together to create a new and exciting future for the Club and continue to make **River Wilderness a great place to live and play.**

I look forward to seeing you all around the Club soon.

Sincerely,

DocuSigned by:
