Re: February 6 & 7 - Lane Closures at Old Tampa Entrance

The two inner most lanes at the Old Tampa entrance will be closed until Monday morning, February 8.

Today the two inner most lanes at the Old Tampa entrance were cleaned, sanded and sealed. Tomorrow, Saturday, these lanes will receive their second coating of paver sealant. Since rain is expected tomorrow afternoon, the contractor Absolute Power Washing is scheduling the remaining two outermost lanes for sometime next week, weather permitting.

Please drive slowly, use extra caution and expect driving delays during the cleaning process at the Old Tampa entrance.

Thank you for your cooperation and your patience while we perform this needed maintenance.
