Re: Hurricane Idalia

Dear Residents:

As you can see in the map below, a significant portion of our community is in an evacuation level if the county so states. At 2 PM, 8/28/23 Manatee County issued a Mandatory evacuation order for Level A And Voluntary Level B evacuation. Please check this map, as a significant portion of our community is in Level A and Level B. "We're expecting significant storm surge along the barrier islands and coastal communities for Idalia, with the earliest arrival predicted for Tuesday," said Manatee County Public Safety Director Jodie Fiske. "This is a very dangerous track that we all need to be aware of."
