Re: R. Greeley's/Islands Board Response to Foundation Video

Dear Residents,

At the request of the Islands Board the Foundation is forwarding to our community the Association response to our recent video. For everyone's convenience we are again forwarding the link to the video, Randy Greeley's letter in response to the video, and the Q&A sent out after receiving questions from the community and in response to Randy Greeley's letter.

The Foundation stands firm in their commitment to providing security for our community without impacting the easement within River Wilderness.

We hope to engage residents within each of our communities.  
Thank You.
