Re: Hammocks Pool Closing

The Hammocks Community Pool will be closed Friday, January 13, 2017. It has become necessary to replace the original pool heater. The work to remove and install the new heating unit will be on Friday, thus it is necessary to close the pool until the work is completed. Hopefully this will provide us with a more effective and efficient pool heating system.

Thank you for your cooperation and support.

June Seaton, President
Hammocks HOA
